FOREWORD

One of the RIO's key development strategies is the focus on the business sector. Improvement of the B2B program is the touchstone of our production and sales policies, where we by synergy of technology, skills and experience respond to any request in this rapidly growing segment. Our business clients appreciate our partnership, as we provide the maximum level of products quality and services. Every collaboration that we count in the past has been extraordinary successful and long term. Our intention is to perceive our leading position in this sphere of business by engaging all our internal powers and benefits, so that potential partners would recognize us as a reliable and permanent partner.

At any time of day or night reception staff is a face for introducing each hotel. It is very important what kind of first impression they leave, and without good clothes there is not "a good first impression". RIO knows how much it matters.

Daily interaction with business partners, staff and guests dictates not only aesthetics and harmony, but also the convenience and comfort of wearing a suit all day. RIO unifies all the demands of the modern businessman in a unique quality fashion design.

Reliability, professionalism and safety behind every serious financial institution, and these very basic ideas, are produced and emitted by the managers of the company. Let your excellence comes to life in your business looks, so that the quality and value convincingly permeate every aspect of your business and operations.

They are your direct channel of communication with the market, and often the first one. Staff at the reception desks are also business promoters of mission operations, nonverbal impression about tasteful and custom designed uniforms, along with, of course the quality of service provided to clients is a unique concept that reflects your business identity.

ABOUT US

RIO was founded in 1947, in Rijeka, as a manufacturer of men's and women's ready-made clothes. The company is one of the leading textile industries in Croatia, known on the market due to the long tradition of quality and individual approach to the clients. RIO's styles range from classic (RIO CLASSIC), modern, night-ceremonial (RIO CLUB) to daily and casual clothing (RIO EGO).

The RIO won a charter of Croatia for quality of its products, RIO CLASSIC, which were evaluated by expert committee, based on high standards of visual classifications of the products. It is important to stress that RIO owns an exclusive co-branding with one of the world's most famous brands ERMENEGILDO ZEGNA. Under its brand, RIO CLUB - HAND MADE, the RIO sells its products under its own trade mark in both in Croatia and abroad.

The RIO has its own retail stores in major Croatian cities. The selection of work clothes can be found in offices in Rijeka, Izvidacka 13, and Pula, 1. svibnja 4.
